

Love shopping online, but hate all the hassles when it's time to pay? Visa Checkout is a digital payment service that can make checking out online with your Del-One Federal Credit Union VISA debit and credit cards as fun and easy as online shopping.

Here's how easy online purchases can be:

1. Enroll in VISA Checkout with your Del-One FCU debit and credit Cards.

2. Go Shopping! VISA Checkout is offered at a growing list of sites.

3. When you're ready to buy, simply click the VISA Checkout button and pay with a single login.

To create a VISA Checkout account, visit www.visacheckout.com and click "Create an Account." You'll be able to establish your initial profile, create your password and add payment methods & shipping addresses to your account.

You can also sign up for an account if you're shopping on a website that accepts VISA Checkout. When you see the VISA Checkout option, select it and follow the enrollment steps.
